Instructions

1. Attach to this application site plans, floor plans, mechanical and plumbing plans, and details to show all sewers, sewer connections, inspection manholes, sampling chambers, and appurtenances by size, location and elevation.
2. Where additional pretreatment and/or operations and maintenance activities will be required to comply with the City of Circleville Sewer Use Ordinance, the user shall provide a declaration of the shortest schedule by which the user will provide such additional pretreatment and/or implementation of additional operation and maintenance activities.
 - o The schedule shall contain dates for the commencement and completion of major events leading to the construction and operation of additional pretreatment required for the user to comply with the requirements of the City of Circleville Sewer Use Ordinance including, but not limited to dates relating to hiring an engineer, completing preliminary plans, completing final plans, executing contract for major components, commencing construction, completing construction, and all other acts to achieve compliance with this chapter.
 - o Under no circumstances shall the City permit a time increment for any single step directed toward compliance which exceeds nine months.
 - o Not later than fourteen days following each completion date in the schedule and the final date for compliance, the user shall submit a progress report to the City, including no less than a statement as to whether or not it complied with the increment of progress represented by that date and, if not, the date on which it expects to comply with this increment of progress, the reason for delay, and the steps being taken by the user to return the construction to the approved schedule. In no event shall more than nine months elapse between such progress reports to the City.
3. All application forms shall be signed by a principal executive of the user, and a qualified engineer licensed to practice in the state of Ohio. The City will evaluate the complete application form and data furnished by the user. Within thirty days and after full evaluation, the City will notify the user of the City's acceptance or nonacceptance of such wastes, if the user is subject to an industrial waste discharge permit, one will be issued subject to terms, conditions and/or limitations provided for herein, or rejection thereof and the basis therefore. Failure to comply with the provisions of an approved compliance schedule or other terms and conditions as set forth in such industrial waste discharge permit shall be cause for revocation of such permit and will subject such user to enforcement actions and penalties as hereinafter provided.
4. IUs are required to submit a Priority Pollutants Scan (PPS) within the first quarter of coming online and a subsequent annual PPS submission thereafter.
